Hyesanjin School

Location : KOREA
Type : Agent training school
Term : One month
Miscellaneous : Students were instructed along the following lines:

1. American installations and equipment:
 - a. Note the details of American equipment and insignia by actual drawings.
 - b. Get all possible information concerning air-fields, planes, ships, piers, ammunition and gasoline dumps, motor pools, troops, etc. stating kind, number and location.
 - c. Keep track of American troop movements.
2. American Military Government:
 - a. Learn intentions and policies of A.M.G.
 - b. Obtain information on numbers and names of officers working for A.M.G.
 - c. Ascertain Koreans' opinions towards A.M.G.
 - d. Beware of American Intelligence units.
3. Sabotage:
 - a. If war is declared between the U.S. and Russia while agents are in Southern Korea they should blow up bridges and dumps with dynamite to be supplied by comrades.
 - b. Start fires in factories and dumps.
4. Rumors:
 - a. Start the rumor that there will be war between the U.S. and Russia.

If captured in Southern Korea, agents were to speak well of America and not reveal any information on Russian installations and equipment.
